

Clareville Nursery & Garden Centre 2021 EDIBLE DELIGHTS LIST

Welcome to our 2021 Edible Delights List. As you will see, there is plenty to choose from with our vast range. If varieties that you seek are not on our list, please enquire, as we are happy to try to obtain specific varieties.

There are many good reasons to purchase your fruit trees from Clareville Nursery & Garden Centre.

- Our selection is extensive. With over 190 varieties there will be something for everybody
- We source our plants from leading growers that have a history of producing quality plants
- All our staff are experienced & have a passion for plants. Our fruit trees are handled, potted & sold by people who know plants
- Very competitive pricing. Our fruit tree prices compare favourably against other suppliers.

Whilst we carry large stocks of more popular varieties, if there are specific varieties, you require we recommend pre-ordering to avoid disappointment.

This year there are some modest price increases, in both Pip & Stonefruit lines. This is a result of increased supplier pricing. Whilst we have other supplier options, we have preferred suppliers whose quality products justify this price point.

Please feel free to contact us with any enquiries or to place your order at;

Clareville Nursery & Garden Centre

happenings & specials at Clareville Nursery & Garden Centre.

ALMONDS

All In One - All-In-One produces heavy crops of soft-shell nuts with sweet, flavourful kernels.

Frost hardy. Although Self-fertile will produce more of an abundance of crops if planted with another variety of Almond. **Price to be confirmed**

McCartney - A good cropping variety that produces sweet, flavoured nuts. **Price to be confirmed**

Mono Vale – Mono Vale produces hard-shell nuts with good flavour. Due to their strong flavour this variety can be used for Marzipan. A heavy cropper and good pollinator.

Disease hardy variety. Vigorous grower. **Price to be confirmed**

APPLES

This selection of apples is on MM106 rootstock - semi-dwarfing stock (3-3.5m). This rootstock is vigorous, resistant to woolly aphid and gives moderate sized trees, which have good quality fruit early in the life of the tree.

Ballerina Polka - This tree produces round, medium sized fruit with red blushed skin.

The flesh is crisp and juicy with a very good flavour. This spur bearing variety ripens mid-season. Columnar tree habit, growing to 3m tall by 30cm wide.

Price to be confirmed

Ballerina Waltz - Medium to large round-conical fruit with a solid red skin on areas exposed to the sun. Crisp and juicy with a slight tang. Suitable for fresh fruit, drying & cooking. Mid-season. Spur bearing. Columnar tree habit, growing to 3m tall by 30cm wide. **Price to be confirmed**

Ballarat - A heritage apple originating from Ballarat, Australia, dating back to the late 1800's

A traditional cooking apple. Ballarat's have an intense tart flavour & light, fluffy texture when cooked – perfect for your favourite apple recipe. **\$42.50**

Belle de Boskoop - is a large, orange red, russeted heritage apple. It is very popular in Europe as a cooking and fresh eating apple. Apple is firm and crisp, with a full, tart flavour. It is very aromatic and gets sweeter in storage. Stores for 3-4 months or more. Forms an open, wide-spreading and weeping tree. Spur bearing, crops mid to late season variety. **Price to be confirmed**

Braeburn - 'Braeburn' has become a firm favourite in the Kiwi orchard. Crisp, firm & juicy with yellowish green skin that is broadly striped with red. Sweet flavour balanced with a moderate tartness for just a little zing. **Self-fertile. \$42.50**

Cox's Orange - One of the finest apples ever grown. Greenish-yellow skin with Orange-red striping. Rich, aromatic nutty flavour makes this older variety still hugely popular. Suitable for cooking or eating. **Self-fertile. \$42.50**

Fuji - A Japanese variety with large fruit with a smooth red-shaded skin. The creamy white flesh is firm, juicy & sweet with a satisfying crunch when eaten fresh. Stores exceptionally well. Ripens from mid-Autumn onwards. **\$42.50**

Gala - Crisp, crunchy, white juicy flesh that is aromatic and tastes divine. Nice red blush to the yellow skin. Ripe in summer around February. **Self-fertile. \$42.50**

Golden Delicious - This popular apple is very well named because it is indeed golden & very delicious. The flesh is crisp & juicy with a sweet honey flavour. Lovely eaten fresh but can be cooked. Highly productive & ripe towards the end of Autumn.

Granny Smith - Everyone's favourite! This classic bright green apple with its tangy flavour & crisp white flesh is suitable for eating or cooking. Keeps well. Very productive. **Self-fertile \$42.50**

**CLAREVILLE NURSERY & GARDEN CENTRE
GREAT VALUE, GREAT RANGE, GREAT QUALITY!**

OLIVES – Priced from \$17.95 upon availability

Ascolano – This Olive is popular for the large fruits that have a delicate mild taste. The Olives

stay green rather than the usual black when ripe. The attractive grey/green foliage is slightly twisted. **Pollinators – Leccino, Frantoio.**

El Greco - It has a nice compact form making a good choice for topiary work. Attractive grey green foliage & small white flowers followed by heavy crops of small fruit that have good oil content.

Frantoio - Frantoio produces quite small Olives that are very high in oil content. Highly ornamental as well as productive. Plant in a sunny well drained spot. **Self-fertile**

Manzanillo – This Olive has large fruit that ripen in early autumn and are perfect for pickling.

Quickly forms a nice specimen tree with attractive grey-green foliage. Happiest in the sun with protection from harsh wind. Evergreen. **Self-fertile**

Picual – Early producing olive that has medium vigour and is very hardy. High yields, high oil content & ripens mid to late season. Performs well from cold to subtropical climates.

South Australian Verdale – A selection of the French Verdale which performs well as a good all-rounder. Tree bears early and fruits early season.

Verdale - An open and spreading form of olive tree that is also slightly weeping in nature.

It produces medium sized, good quality olives.
