Acer's (Maples) Acers (Maples) are all easily grown in well-drained soils with reasonable moisture in Spring & Summer. They are valued for their foliage, which may be variegated or have outstanding Autumn colour & also have attractive bark. Grow large maples as specimen trees, or smaller varieties for patios or smaller gardens. Maples are also highly valued for growing in containers.

Acer Bloodgood – One of our most popular maples! Distinctive small upright tree. Deep maroon-red foliage carried well throughout the season into late summer & turns vibrant red in Autumn. Showy red seeds. (4mx2m)		\$63.00
Acer Chishio - A slow growing small Maple suitable for town gardens or a special container. Flame pink leaves burst forth in spring gradually turning a more subdued green. The vivid pink red tones return in autumn. Very attractive and desirable. Protect from strong winds. (1.3mx1m)		\$49.95
Acer Earthfire - This is a small but gorgeous lace leaf that has an interesting green-red combination happening on its new growth. The very dissected leaves display various shades of red throughout summer and autumn. Prefers filtered light in a sheltered position. (1.3mx1m)		\$49.95
Acer Emerald Lace - This Japanese Maple is one of the fastest growing dissectum. A wonderful garden specimen, the spring growth is lime green sometimes with orange margins when placed in more sun. Very heat tolerant, Emerald Lace even tolerates full sun better than most green maples, but preferring some shade in hot climates. Fall colour is red which is quite rare for green dissectum, which usually display yellow to orange autumn colour. (4mx3m)		From \$69.95
Acer Fireglow - Fireglow is a popular type of Japanese maple, it forms a small, neat, upright tree, the dark purple leaves hold their colour throughout the summer & as the weather turns, the leaves get darker before they fall off in winter. It is an ideal specimen tree or focal point in a smaller garden. The delicate looking, finely cut foliage is actually quite tough if protected from strong wind. (3mx2.5m)	1.2m	From \$63.00
Acer Fjeilheim - A dwarf Sango kaku. Soft, lime-green, red-margined foliage in spring. Mid-summer green leaves, and bright-gold leaves in autumn. Outstanding brilliant red bark in winter and spring. Prefers moist, well-drained soils. (1.8mx1.2m) High Worked - \$49.95 Topiary - \$59.95		
Acer Freemanii “Jeffers Red” A hardy selected quick growing upright form with a dense crown. Being this variety a silver maple cross, it makes it more wind tolerant than other maples. It has excellent gold, orange and bright scarlet autumn colours, ideal for an avenue. (10mx5m)		From \$55.00
Acer Green Mist -. A vigorous, cascading lace-leaf Japanese maple with soft green, deeply-cut leaves that provide a soft "misty" appearance. Autumn colour is absolutely outstanding with blends of bright orange & red. (2.5mx1m)		\$75.00
Acer Hanami Nishiki - It produces light-green leaves with orange-red margins in the spring which later change to yellow-green during summer, and finally to a beautiful golden-yellow to orange hue in autumn. It grows in a compact & dense form. (4mx3m) Topiary - \$59.95		
Acer Hog yuku - This really is a lovely maple with fresh glossy green spring and summer foliage that turns vibrant shades of yellow and orange in the autumn. Strong upright growth habit. (5mx4.5m) – UNAVAILABLE 2023 – PLEASE PRE-BOOK FOR 2024		\$63.00

Acer Japanese Sunrise - Attractive branches which are red on one side and yellow on the other. Upright wide, flat topped growth habit. Leaves emerge yellow-green, fresh green for the Summer and turn yellow, gold & crimson in autumn. (4mx3m) UNAVAILABLE 2023 – PLEASE PRE-BOOK FOR 2024		\$49.95
Acer Lace Lady - Feathery foliage that emerges burgundy red in the spring and is known for holding its red colour right through the summer taking on a vibrant crimson red in autumn. (1.5mx1m)		\$75.00
Acer Mikawa Yatsubusa - A naturally dwarf growing variety, multi-stemmed with dense, overlapping foliage. In spring, the new leaves are yellow-green in colour then darkening as they mature and in autumn they turn to bright shades of orange and scarlet. May be grown as a feature/specimen, in containers & is also used to create bonsai. (1.5mx1.5m)		\$59.95
Acer Mirte – Warm orange-red Spring leaf, unique colour to the maples. Changing to a soft brown then a shining green for Summer & Golden orange in the Autumn. Vigorous grower. A wonderful series of unique colour to the garden. (3mx2m)		\$63.00
Acer Moss Gold - Deeply dissected leaves of a wonderful, mossy-gold colour in spring, picking up greener tinges in summer. Followed by oranges and reds in autumn. Lovely red stems contrast boldly with gold foliage. (1mx1m)		\$75.00
Acer Negundo Kelly's Gold - Golden-yellow spring leaves that are lime-green through summer, turning to a pale-yellow in autumn. Has a neat, upright growth habit that will lighten up dark areas. A hardy and quick-growing maple. (6mx4m)		\$58.00
Acer Negundo Violaceum - Young shoots and leaves are purple-maroon. Summer leaves green that turn gold in autumn. A vigorous grower that has smooth bark with a whitish bloom. (6mx5m)		\$58.00
Acer Okagami - Intense-red leaves in spring that are large turn to a glossy, purple-black in summer, and fiery scarlet in autumn. This maple is a robust, upright grower. It prefers moist, well-drained soils, but may suffer from leaf scorch due to excess sun, wind, and drought. It is cold hardy and great for bonsai. (4mx3m)		\$63.00
Acer Osakasuki – An all-time favourite! New growth is a pinky bronze that turns green. Considered to have the brightest scarlet Autumn colours. A small robust upright spreader. (4mx3m)		\$63.00
Acer Red Dragon - Delicate dissected red foliage through spring and summer intensifying to scarlet red in autumn. Lovely feature plant that will provide a soft cascading effect. Equally looks very graceful in a container. (1mx1.5m)		\$75.00
Acer Rubrum – Produces large, glossy, dark-green leaves that change to a rich scarlet-red hue during the autumn season. It also bears small, red flowers in the early to mid-spring period. (8mx5m)		From \$49.95
Acer Russet Lace - New weeping maple with wonderful russet colours of yellow/gold, and orange/red. Green tones intensify in summer. Autumn colour is a mix of orange and red. (1.5mx1m)		\$75.00
Acer Saccharum (Sugar Maple) – North American Maple from which syrup is harvested. Large, green lobed leaves with spectacular Autumn colours in colder regions of red, orange & yellow. Compact crown with up-swept branches. Needs moist, well-drained soil. (10mx8m)		From \$39.95
Acer Seiryu - (Lace leaf maple) – Upright growing with finely dissected green foliage clothing gracefully arching branches. Autumn colours are soft yellows to gold. (3mx2.5m)		\$49.95

Malus Crab-apple

The crab apple is one of those rare, catch-all trees that tick not one but all the boxes on the gardener's checklist. It all starts in spring with a riot of blousy white or pink blossom that draws in the pollinators as they stir from their winter slumber. They are ready to pick from early autumn and, just as the spring blossom draws in the bees, any fruits left on the tree into winter serve as a beacon to birds.

Malus Golden Hornet - Pink buds open to pale pink blossom in spring. The blossom is followed by heavy crops of little golden yellow apples that almost cover the branches in autumn-winter. Upright pyramidal habit. Easy to grow in a well-drained sunny spot. (3mx2.5m)	1.5m	\$65.00
Malus Gorgeous - This Crab-apple is gorgeous in spring when white to soft pink single blooms smother the branches. These are followed by masses of shiny bright crimson apples' that hold well on the tree through to autumn. Ideal for making jelly. (3mx2m)		\$65.00
Malus Ioensis Plena - Large, double, frilly pink, fragrant blossoms decorate the tree in late Spring. The summer foliage is a soft sage green & also very decorative. (3mx2m) 1.6m-1.7m High on 1.5m Standard - \$79.95 1.8m-2m High on 1.8m Standard - \$79.95 High worked - From \$59.95		
Malus Jack Humm - The single white blossom in spring is followed by large shiny red 'apples' that stand out on the bare branches right through winter. (3mx2m)		From \$55.00
Malus Jelly King - A tree with spectacular large orange-pink fruit that persist much longer than most large fruited crab apples. Strong white blossom covers this vigorous but compact tree in Spring. Makes excellent pink jelly. (4mx2.5m)	1.5m	\$69.95
Malus Red Jade – This is a weeping tree with wide-spreading branches that cascade to the ground. In the Spring, clusters of pink buds open reveal white flowers with a pink blush. In the Autumn season, this wonderful tree produces small scarlet crab-apples. 1.8-2m high on 1.7m Standard - \$63.00		
Malus Snowbright - A gorgeous blossom tree that has a semi-weeping habit & is covered with masses of dainty white flowers in the Spring. These are followed by orange-red fruits that last through the Winter. Easy to grow in a sunny position. (3mx3m)	1.5m	\$65.00
