GREAT VALUE, GREAT RANGE, GREAT QUALITY!**

Acer's (Maples)

Acers (Maples) are all easily grown in well-drained soils with reasonable moisture in Spring & Summer. They are valued for their foliage, which may be variegated or have outstanding Autumn colour & also have attractive bark. Grow large maples as specimen trees, or smaller varieties for patios or smaller gardens. Maples are also highly valued for growing in containers.

<p>Acer Aratama Topiary - “Aratama” meaning “Uncut Gem”, is a dwarf maple with tiny leaves that emerge purple red in the spring. Leaves will age to green in the summer providing a two-tone appearance of greens and burgundy. Autumn brings on orange, red & yellow to the leaves. 'Aratama' forms a dense round shrub. (1.2m x1m)</p>		\$49.95
<p>Acer Autumn Moon – A lovely small Japanese maple, it can be a bold element with a quiet elegance in the garden. This deciduous tree leaf’s out in the Spring with an unusual burnt-orange colour. Grown in shade the leaves colour more pale to yellowish green tones. The striking palmate leaves have a pleated effect reminding one of a geisha’s fan. The brightly coloured foliage is resistant to burning in full sun & makes it the focal point of any planting. (5mx5m)</p>		\$49.95
<p>Acer Bloodgood – One of our most popular maples! Distinctive small upright tree. Deep maroon-red foliage carried well throughout the season into late summer & turns vibrant red in Autumn. Showy red seeds. (4mx2m)</p>	1.5m	\$49.95
<p>Acer Chishio - Flame pink leaves burst forth in spring gradually turning a more subdued green. The vivid pink red tones return in autumn. Very attractive and desirable. Protect from strong winds. (1.3mx1m)</p>		\$45.00
<p>Acer Earthfire - A compact deciduous maple with a low-spreading form. Leaf lobes are deeply dissected and new growth is an unusual brownish red. Autumn colour ranges between orange and red. (1.8x1.2m)</p>		\$45.00
<p>Acer Emerald Lace -- Deeply dissected foliage bursts into life in Spring in a bright shade of lime green. As summer approaches, the leaves become edged with red for a striking contrast. Finally, in Autumn the foliage takes on a red orange. Such vibrant seasonal interest. The softly rounded crown is made up of elegantly arching branches. (1.8mx1.8m) Weeper</p>		\$65.00
<p>Acer Esk Flamingo - Weeping Maple. A beautiful tree with cream, pink and green coloured leaves in spring and summer and pink branches in winter. Will perform best protected from strong wind. (4m x 3m)</p>	1m	\$65.00
<p>Acer Fireglow – An upright well-branched large shrub or small tree with dark wine-red foliage that keeps the intensity of colour well during Summer. Has a bushier more compact habit than other similar forms. Scarlet & crimson Autumn tones. (6mx2.5m)</p>		\$49.95
<p>Acer Fjellheim - Pronounced Fell-hime. The stems and branches turn an outstanding coral-red colour when cooler weather sets in for the Winter. In spring, lime green leaves emerge that contrast beautifully with coral bark. Yellow autumn foliage. (2m)</p>		\$45.00
<p>Acer Green Mist - A dynamic & cascading tree with deeply dissected and pendulous light green leaves in summer and turn into dazzling orange red in fall. Its fall colour and reddish bark provide an astonishing and misty look to gardeners. Like other maples, acer palmatum green mist vigorously grows in full sun to partial sun. It prefers moist, well-drained soil. (2.5m x 1m) Weeper</p>		\$65.00
<p>Acer Hog-yoku – An older cultivar most known for the pumpkin orange colour. An upright somewhat stocky structure. A stunning display of fall colour when planted with the brilliant red “Osakazuki”. Easy to grow & beautiful year-round, a classic for every garden. (4mx3m)</p>		\$49.95
<p>Acer Japanese Sunrise - Like Senkaki, but with peachy coloured stems. New leaves have a reddish tinge but are green over summer and have outstanding golden yellow autumn colour. (4m)</p>		\$45.00

**CLAREVILLE NURSERY & GARDEN CENTRE
GREAT VALUE, GREAT RANGE, GREAT QUALITY!**

<u>Acers Continued....</u>		From \$29.95
Acer Jeffers Red - A spectacular hybrid maple with great beauty and vigour. Summer foliage is a rich mid green, autumn colour is spectacular red and orange tones that lasts longer than other maples. (4mx4m)		\$65.00
Acer Lace Lady - This has feathery foliage that emerges burgundy red in the spring and is known for holding its red colour right through the summer taking on a vibrant crimson red in autumn. The foliage is deeply dissected and forms an attractive loose crown. (2mx2m) Weeper		\$49.95
Acer Mirte - Warm orange/red spring leaf, unique colour to the maples. Changing to a soft brown then a shiny green for summer and golden orange in the fall. Big vigorously growing, excellent cold tolerance. A wonderful series of unique colours to add to the garden. (3mx2m)		\$65.00
Acer Moss Gold - Deeply dissected leaves of a wonderful mossy-gold colour in spring, picking up greener tinges in summer & oranges and reds in autumn. Lovely red stems contrast with the gold foliage. (1mx1m) Weeper		\$49.95
Acer Negundo Kelly's Gold - Golden-yellow spring leaves that are lime-green through summer, turning to a pale-yellow in autumn. Has a neat, upright growth habit that will lighten up dark areas. A hardy and quick-growing maple. (6mx4m)	1.5m	\$49.95
Acer Negundo Violaceum - Young shoots and leaves are purple-maroon. Summer leaves green that turn gold in autumn. A vigorous grower that has smooth bark with a whitish bloom. (6mx5m) \$45.00	1.5m	\$49.95
Acer Okagami - Small upright tree with new growth bright purplish-red deepening to shiny black-purple. Autumn colour is stunning fiery scarlet. (3mx2m)		\$49.95
Acer Osakasuki – One of my favourites! New growth a pinky bronze that turns green. Considered to have the brightest scarlet Autumn colours. A small robust upright spreader. (4mx3m)	1.5m	\$49.95
Acer Raroflora - Is a lovely dissectum maple that has an attractive light orange Spring colour. Summer colour is a deep red to maroon colour, with leaves turning orange in Autumn. Strong weeping growth habit. (2m) Weeper		\$65.00
Acer Red Dragon - Delicate dissected red foliage through spring and summer intensifying to scarlet red in autumn. Lovely feature plant that will provide a soft cascading effect. Equally looks very graceful in a container. (1mx1.5m) Weeper		\$65.00
Acer Red Emperor - Finely-serrated, purple-red leaves. Retains leaf-colouring all season. Brilliant red autumn foliage. Small, upright, spreading grower. Ideal for the smaller garden. Protect from strong winds. (4mx2m)	1.2m	\$49.95
Acer Russet Lace Leaf – A new weeping maple with colour unlike anything that has been available before. The spring growth come out with lovely russet colours in pink, cream, gold/yellow, before maturing to greens. Autumn colours are in yellow, orange and reds. (1.5m x 1m) Weeper		\$65.00
Acer Scolopendrifolium - Finely divided green foliage in spring, turning red in summer and yellow in autumn. Upright form. A most attractive small tree. (3mx3m)	1.5m	\$49.95
Acer Seiryu - (Lace leaf maple) – Upright growing with finely dissected green foliage clothing gracefully arching branches. Autumn colours are soft yellows to gold. (3mx2.5m)		\$45.00
Acer Senkaki - The main feature of this Maple is the fiery coral red colour of the branches & twigs that are a real stand out in winter when the tree is bare. The green summer foliage turns golden yellow in autumn. (2mx2m)	1.5m	From \$49.95
Acer Shaina - Dwarf. This is an excellent small tree that will grow happily in a container or the garden. The branches and leaves are an attractive wine red which deepens slightly in autumn. Good compact upright habit. Happiest in the sun or semi-shade with protection from harsh winds. (2m x 2m)		\$49.95

**CLAREVILLE NURSERY & GARDEN CENTRE
GREAT VALUE, GREAT RANGE, GREAT QUALITY!**

Acer Shindeshojo - A very popular Maple. Outstanding brilliant red & shrimp pink spring foliage that slowly turns green. In autumn the leaves are once again fiery shades of red. Plant in morning sun or semi shade with protection from harsh winds. (3mx2m)		\$45.00
Acer Shiraz -- A must have! Enjoy the traditional red leaves in Spring which settle to dark green rimmed in pink by the Summer then another blaze of scarlet before it releases its foliage for Winter. This maple gives nice notes of texture to the garden with its curious jagged leaves. (3mx2m)		\$45.00
Acer Shishigashira - A slow growing Maple, commonly called the Lion's Head Maple as the dense tufts of crinkled foliage on each branch resemble the mane of a lion. The bright green leaves turn golden orange in autumn. (3mx3m)		\$45.00
Acer Skeeter's Broom - Excellent small garden tree with outstanding brilliant red and shrimp pink spring foliage in spring that slowly turns green. In autumn the leaves are once again all fired up in shades of red. Best in morning sun or semi-shade and out of strong wind. (2mx2m)	1.5m	\$49.95
Acer Stella Rossa - (Red Star) – It is decidedly weeping, delicate & graceful. The foliage emerges bright red in early spring holding the bright red colour well into Summer before turning darker red & then red burgundy. Autumn colour bright red with orange undertones, spectacular. (3mx3m)		\$65.00
Acer Suminagashi - Rich crimson foliage in spring, deepening in colour as summer progresses. Attractive crimson scarlet shades in autumn. Add to all this the black stems and you have an absolutely stunning feature tree. Happiest with protection from strong winds. (3mx2.5m)	1.5m	\$49.95
Acer. Tsuma-Gaki - (The Finger-Painted Lady Maple) Medium sized maple; pale yellow green leaves edged at the tips with red giving an unusual contrast and two-toned look. By mid-summer the leaves go deep green with a hint of bronze on the tips. (3mx3m)		\$49.95
Acer Ueno Yama - Japanese Maple. An upright form with lobed leaves that have distinctive orange tones as they emerge in spring. Gradually the leaves mature to a pale green. Orange-red in autumn. Plant in a sheltered position away from harsh wind and afternoon sun. (3m x 3m)		\$45.00
Acer Crimson Queen —A spreading weeping form with scarlet-red stems & finely dissected deep reddish-purple leaves. Retains leaf colour throughout Summer. Scarlet red in Autumn. (1mx1.5m) Patio - \$38.95 1m Standard - \$53.00 High Worked - \$65.00		
Acer. Viridis – Has soft, fresh-green foliage in spring, deeper green through Summer, becoming golden yellow & orange in autumn. Strongly cascading branches form a dome-shaped plant at maturity. (1.5mx1.5m) Patio - \$36.95 60cm Standard - \$48.95 1m Standard - \$53.00 High Worked - \$65.00		
Aesculus carnea - This cultivar produces large candelabra-like, deep red flowers in late spring. These make for a spectacular display on a well-shaped, medium-sized tree is more suited to warmer climates. (6m x 5m)		\$56.00
Albizzia j. Rosea (Silk Tree) . This is a fabulous quick growing tree with a single stem & a good shade canopy making it ideal to relax under. Soft ferny foliage & fluffy fuzzy blooms in warm pink that appear in summer. (5mx4m)	1.5m	\$49.95
Albizzia Red Silk If you want to sit under soft ferny foliage and look up at fuzzy fluffy carmine red flowers then this is the tree for you. Very pretty specimen tree with a single trunk and good shade canopy. Flowers during Summer. Quite quick growing. (5mx4m)	1.5m	\$49.95

**CLAREVILLE NURSERY & GARDEN CENTRE
GREAT VALUE, GREAT RANGE, GREAT QUALITY!**

Alnus cordata - Extremely tolerant, fast growing tree that loves moisture. Attractive heart shaped leaves that are green and glossy. The male flower catkins appear before the leaves and the female flowers develop into small woody cones. Ideal for planting in wet areas. Also great as a wind hardy shelter or trimmed hedge. (12m x 8m)	From \$29.95
Alnus jorullensis - The Mexican Alder is a quick growing evergreen or semi evergreen (in cold climates) tree with attractive serrated green leaves, grey bark and catkins. Perfect for windbreaks, privacy or shelter. Easy to grow, trims well, timber can be used for firewood. Prefers sun & adequate moisture. Evergreen. (10m x 6m)	From \$29.95
Betula Jaquemontii – Selected for its attractive white bark, dark green leaves which turn yellow in Autumn. Interesting catkins in Spring. Looks great planted in numbers. (7mx3m)	From \$49.95
Betula papyrifera – Otherwise known as the Paper birch it is from a species of birch native to northern North America. The bark is commonly bright white colour that flakes in fine horizontal strips and often with small black marks and scars. The leaves are alternate ovate. The buds are conical and small and are green in colour with brown edges. The flowers are wind-pollinated catkins. (8m x 4m)	From \$29.95
Betula Silver Shadow – A stunning tree which will be shown to its best advantage planted in groups. The trunk of the tree develops smooth unblemished white bark with a horizontal peeling habit. The leaves are alternate ovate. The buds are conical & small & are green in colour with brown edges. The flowers are wind-pollinated catkins. (8mx4m)	From \$49.95
Betula u White Spires - (Himalayan Birch) - A selected form of this special tree that has a glistening white trunk of peeling bark. The dark green foliage has serrated edges and turns warm yellow in autumn. 'White Spire' tends to have a very upright columnar habit. (8mx4m)	From \$49.95
Carpinus betulus – (European Hornbeam) – Strong growing pyramidal tree highly suited to pleaching or trimming for an interesting Feature hedge. Deciduous but holds leaves well into Winter.	From \$26.95
Carpinus betulis fastigata – A medium-sized tree with a narrow columnar habit, perfect for avenue planting. Grows well in well-drained soils in part/full sun. Leaves turn yellow/gold in Autumn. (12m)	From \$36.95
Cedrela sinensis Flamingo - The slender, erect branches bear pinnate leaves of rich warm-pink in early-spring. Leaves become cream-pink and mature to green by summer. Can be halved in height or pruned to the ground to encourage a profusion of new stems. Orange-yellow autumn leaves. (4m x 3m)	Price to be confirmed
Chimonanthus Praecox (Wintersweet) - A deciduous tree with delightful spicy fragrant yellow flowers in winter. A hardy shrub for the sheltered sunny site. (2m x 1m)	\$48.00
Cercis can. Forest Pansy – An attractive small deciduous tree with an interesting branch formation. In spring these branches are covered in tiny, hot pink blossoms. The wow factor continues when the deep maroon foliage appears. (4mx3m)	\$49.95

**CLAREVILLE NURSERY & GARDEN CENTRE
GREAT VALUE, GREAT RANGE, GREAT QUALITY!**

<i>CORNUS or DOGWOODS – The Dogwoods as they are known are beautiful small trees with attractive flower bracts, form or foliage. They like acid soil conditions & appreciate the Wairarapa’s climate.</i>		
Cornus alba Elegantissima - Also known as Red-barked Dogwood. C. Elegantissima is a bushy deciduous shrub. Has deep red stems & grey-green, white-margined leaves. Clusters of small cream-white flowers appear in late spring followed by white berries that attract birds. (3mx2m)		\$45.00
Cornus Alba Siberica - A spreading shrub with dark-green leaves that provide great autumn colour in shades of orange and red, then drop to expose brilliant red stems in winter. Clusters of small creamy white flowers in summer. Best stem colour is in full sun. (2m)		\$45.00
Cornus Cherokee Chief - Deep rose flower bracts, paler at the base. New spring growth deep bronzy red, deep green & glossy through Summer. Yellow, scarlet & wine-red leaves in Autumn. (3mx3m)	1m	\$48.00
Cornus Cherokee Sunset - Showy red flower bracts appear in spring followed by red strawberry fruits that birds love. The variegated green foliage is broadly outlined with lemon yellow, with hints of bronze & pink in spring. Striking autumn colour. (3mx2.5m)	1m	\$48.00
Cornus k. China Girl – A oriental Cornus that has showy white flower bracts which appear on the horizontal layered branches in spring summer. The flowers are followed by small red fruits. Very pretty in full bloom. Green summer foliage colours well prior to leaf fall. (5mx3m)		\$48.00
Cornus hybrid Eddie’s White Wonder - This American dogwood is a superb hardy large shrub or small tree producing large white bracts in spring. Red berries in winter. (5mx4m)		\$49.95
Cornus contraversa “Golden Wedding” - Beautifully tiered branches in layers have green leaves broadly margined with gold. New spring growth is bronze-tinted. White flowers top the branches in summer. Small tree which is spectacular as a specimen tree. (5m x 4m)	1.2m	\$66.00
Cornus contraversa Variegata - This unique & special Cornus is highly valued for the unusual layered structure of its branches giving it the common name of 'The Wedding Cake Tree'. The new foliage is soft green edged with cream accented by the reddish tinge of the new branches. Little white flowers in summer. Even stunning when not in leaf. (3mx2m)	1.2m	\$66.00
Cornus Milky Way - Vigorous large growing shrub or small tree. Becomes smothered with large flat four petalled white starry shaped flowers in early summer. Red strawberry like fruit follows, which birds relish. Spectacular red and purple autumn leaves. (4mx2m)	1m	\$48.00
Cornus Moonbeam -This tree is extremely eye catching when in bloom. The very large, pointed, creamy white floral bracts hang gracefully on layered branches reminiscent of a moonbeam dancing through the clouds! Very showy and attractive. (5mx3m)	1m	\$48.00
Cornus florida Rainbow – Summer foliage of this upright American dogwood heavily margined with gold. Tinges of pink then rich purple in Autumn. Creamy white flowers in Spring. (2.5x2m)	1m	\$48.00
Cornus Stokes Pink - Masses of deep pink flower bracts appear in spring followed by red strawberry fruits that birds love. The green summer foliage colours well prior to leaf fall. Plant in a sunny spot in nice rich acid soil for best results. (4mx3m)	1m	\$48.00
Cotinus Grace - Cotinus 'Grace' is a hybrid between American smoke tree, (Cotinus obovatus) and Cotinus coggygria 'Velvet Cloak'. It is grown for its enormous clusters of flowers, frothy, pink panicles. In spring, leaves emerge light red, darkening through the summer to dark red. In autumn, foliage turns a mosaic of red, orange, and gold. Cotinus 'Grace' is an large excellent shrub, offering multiple seasons of interest in mixed plantings. (3mx2m)		From \$42.00
Cotinus Obovatus - Vigorous, large shrub with green leaves through summer. Amazing autumn colours of red, orange, and purple leaves. Plume-like, pink flower-heads are borne over summer. (5mx6m)		From \$29.95

**CLAREVILLE NURSERY & GARDEN CENTRE
GREAT VALUE, GREAT RANGE, GREAT QUALITY!**

Crataegus Paul's Scarlet – Small, upright tree with a compact, rounded head. Impressive heads of double crimson-red flowers smother the tree in late-spring. Tolerant of strong winds. Does not set fruit. (5mx3m)		\$65.00
Crataegus roseo Plena – Small upright tree with a compact rounded head. Impressive heads of double salmon pink flowers smother the tree in late spring. Tolerant of strong winds. Does not set fruit. Excellent street tree. (5mx3m)		\$65.00
Edgeworthia Grandiflora - Yellow Daphne. A special and unique plant from China that adds winter interest to the garden. Tightly clustered buds on stout stems open to reveal fragrant tubular flowers shaded bright yellow around August. Handsome grey green foliage follows. (1.5mx1.5m)		\$55.00
Fagus Riversii – Large, dome-shaped tree with an open branch structure and smooth grey bark. Larger leaves than the usual purple beech. Rich, deep, purple-black, shiny leaves in spring. This colouring is held throughout the summer. Leaves drop cleanly in autumn. A magnificent specimen trees. (10m x 6m)		\$66.00
Fagus sylvatica - A large noble tree with structural, fan-shaped branches & ribbed green leaves. Provides dense shade as a specimen tree, with smooth, attractive grey bark. Great for a low maintenance tall hedge or pleaching. Brown leaves hold over winter providing year-round privacy. (10m)		From \$29.95
Fagus sylvatica purpurea – (Purple Copper Beech) – It has a long slender trunk which greys with age. Glossy dark purple leaves appear in spring and fade to a copper bronze tone towards the end of Summer. It can also make a great deciduous hedge as it responds well to trimming. (10m)		From \$29.95
Forsythia Lynwood Gold - aka <i>Golden Bells</i> - Light up the garden with the bright yellow flowers of this striking Forsythia. The flowers appear in early spring before the leaves. Excellent flowers for picking. Easy to grow in a sunny position. Prune after flowering. (2mx2m)		\$39.95
Fraxinus Aurea - Golden Ash. A special ornamental tree which lucky for us is easy to grow. The smooth golden yellow branches have a lovely structure. In spring big black buds open to reveal long lime yellow leaflets which gradually turn golden yellow in autumn and hold on the tree well before dropping. (6mx5m)	1.5m	\$49.95
Fraxinus Raywoodii – (Claret Ash) A deservedly popular & beautiful deciduous tree. Elegant branch framework, neat pyramidal habit & handsome long narrow foliage. The bright green spring growth deepens to a rich purple claret in Autumn & holds well before falling. Easy to grow. One of our very best sellers! (10mx8m)	1.5m	\$49.95
Ginkgo Autumn Gold – A large long-lived tree with a tall angular head and erratic branching. Unique fan-shaped leaves are deep green and turn golden yellow in autumn. Unlike the female tree, The Autumn Gold is a male tree and does not have any smelly fruit. (7mx4m)	1.2m	\$49.95
Ginkgo Biloba – A large handsome specimen tree famous for its gorgeous golden Autumn foliage. Tolerant of heat or cold, but, keep moist until established. (10mx8m)		From \$49.95
Ginkgo Jade Butterflies - Dwarf Maidenhair Tree - Here's something special - a dwarf male form of the beautiful Ginkgo. The jade-green foliage fans out along the branches like beautiful hovering butterflies. Soft yellow autumn tones prior to leaf fall. Prefers the sun and deep fertile soil. Ginkgo are very tolerant of pollution & popular for street planting. (3mx2m)	50cm	\$49.95
Ginkgo Ming Princess - A very miniature form of the sacred Ginkgo tree from China. Fine fans of fern like foliage in fresh green decorate the branches from spring until summer turning a soft butter yellow in autumn. Happy in the sun and likes deep fertile soil with protection from harsh wind. This little sweetie would make a special container plant. (2mx1m)	50cm	\$49.95

**CLAREVILLE NURSERY & GARDEN CENTRE
GREAT VALUE, GREAT RANGE, GREAT QUALITY!**

Magnolia Athene - A NZ bred Magnolia of exceptional quality with large thick textured blooms of white blushed with pink at the base. Starts flowering at approximately 3 years of age. Very vigorous growth habit. Prefers acid soil and a sheltered spot. (7mx3.5m)		\$48.00
Magnolia Billowing Cloud - Bred in the Land of the Long White Cloud 'Billowing Cloud' has distinctive white blooms with just a soft blush of rose pink at the base of the petals. The blooms sit up nicely on the bare branches and have quite a strong fragrance. Plant in a sheltered spot in acid soil. (3mx2.5m)	1.2m	\$48.00
Magnolia Butterflies - A truly beautiful Magnolia with soft yellow fragrant blooms which when fully open flutter on the branches like giant butterflies. Flowers appear from late winter until early spring. (4mx3m)		\$58.00
Magnolia Charles Raffill - A Magnolia with all the right heritage as it was raised at Kew in the 1940's. The buds are a seductive blush rose pink. The blooms are large - 23cm - and fragrant. Plant in a sheltered spot in acid soil. (7mx5m)		\$48.00
Magnolia Cleopatra - With large, sumptuous, cupped blooms of rich cerise purple 'Cleopatra' is certainly a beauty to behold. Bred in NZ this relatively small tree blooms from a young age and is stunning in full flower. (4mx3m)	1.2m	\$58.00
Magnolia denudata - This small, deciduous tree comes from Central China where it is planted to represent purity and candor. Masses of scented, ivory-white flowers appear from mid-winter to early spring, just before the fresh green leaves. (5mx4m)		From \$48.00
Magnolia Denudata Gere - Simple, elegant goblet shaped blooms of ivory white open from furry buds in late spring. The blooms have a delightful fragrance. Fresh green summer foliage. Flowers 3 weeks later than denudata so great for those places that get late frosts. Best in a sheltered position in acid soil. (7mx4m)	1.2m	\$48.00
Magnolia Deryk – An unusually dark hybrid showing clearly influence from Genie the parent. It is a rich glowing velvet red and in some lights the colour becomes almost brick red. This variety sets flowers on all the tips. (4m x 3m)		\$48.00
Magnolia Felix/Felix Jury - Enormous, superb flowers open red and turn rosy pink. A spectacular sight in early spring when the compact tree will be covered in hundreds of blooms. The flowers have the bonus of being highly fragrant. (5mx3m)		From \$58.00
Magnolia Genie - If you have wished for an easy to grow, beautiful, small tree then let 'Genie' work her magic. Bred in NZ & an Award winner 'Genie' will present you with deep wine, fragrant, globular blooms from a young age. Narrow upright habit. (3m x 1.5m)	1.2m	\$58.00
Magnolia Gold Star - A vigorous bushy small tree bearing pale yellow stellata type flowers in early spring before the leaves. Large rounded leaves with maroon colouration on new growth. (5m)		\$48.00
Magnolia Honey Tulip - Another drop-dead gorgeous hybrid from the Jury breeding programme. Large rounded goblet shaped blooms in a soft shade of honey yellow. The petals are of good substance and the flowers appear early spring on bare branches. (6m x 4m)		From \$58.00
Magnolia Iolanthe - From early spring very large bowl-shaped rose-pink blooms appear with a creamy white interior. A magnificent variety. (6mx4m)	1.2m	From \$48.00
Magnolia Koban Dori - The beauty of this elegant Magnolia will captivate you once you see the cupped yellow blooms appear in spring. The tree has an overall graceful habit and remains quite compact for the first 10 years. The blooms have the bonus of a pleasant fragrance (3mx2m)	1.2m	\$48.00
Magnolia Lois - This is one of the best yellow hybrids raised in Belgium and it has well-formed cup shaped blooms. Forms a rounded, conical shape. (5mx4m)		\$48.00
Magnolia Pink Sensation - Upright habit of growth with deepish pink, upright flowers.		\$48.00

Malus Crabapple

The crab apple is one of those rare, catch-all trees that tick not one but all the boxes on the gardener's checklist. It all starts in spring with a riot of blousy white or pink blossom that draws in the pollinators as they stir from their winter slumber. They are ready to pick from early autumn and, just as the spring blossom draws in the bees, any fruits left on the tree into winter serve as a beacon to birds. Crabapples are more tolerant of adverse soil conditions than other flowering trees and are long lived and hardy.

Malus Floribunda - An early blooming ornamental Crabapple with pendulous arching branches decorated with tight red buds. These open to beautiful white blossoms flushed with pink throughout September/October. The flowers are followed by small red and yellow fruits. Hardy & easy to grow. (3mx2.5m)		From \$42.00
Malus Golden Hornet - Malus hybrid. Pink buds open to pale pink blossom in spring. The blossom is followed by heavy crops of little golden-yellow apples that almost cover the branches in autumn-winter - highly ornamental. Upright pyramidal habit. Easy to grow in a well-drained sunny spot. (3mx2.5m)	2m	\$53.00
Malus Gorgeous - This Crabapple is gorgeous in spring when white to soft pink single blooms smother the branches. These are followed by masses of shiny bright crimson apples' that hold well on the tree through to autumn. Ideal for making jelly. (3mx2m)		\$53.00
Malus Ioensis Plena - Large, double, frilly pink, fragrant blossoms decorate the tree in late Spring. The summer foliage is a soft sage green & also very decorative. (3mx2m)	Low Worked - \$48.00	
Malus Jack Humm - The single white blossom in spring is followed by large shiny red 'apples' that stand out on the bare branches right through winter. (3mx2m)	1.2m	\$53.00
Malus Jelly King- A tree with spectacular large orange-pink fruit that persist much longer than most large fruited crab apples. Strong white blossom covers this vigorous but compact tree in Spring. Makes excellent pink jelly. (4mx2.5m)		\$55.00
Malus Red Jade - Weeping. A showy semi-weeping form of Crabapple that has gently cascading branches draped with blush white flowers in spring. These are followed by small brilliant red fruits. Good autumn foliage colour and attractive bare branch structure in winter. (3mx2m)		\$49.95
Malus Snowbright - Crabapple. A gorgeous blossom tree that has a semi weeping habit and is covered with masses of dainty white flowers in the spring. These are followed by orange-red fruits that last through the winter. Easy to grow in a sunny position. (3mx3m)		\$55.00
Malus Trilobata – A very distinct, upright branched tree. Leaves maple like, deeply three lobed. Attractively tinted in Autumn. Flowers are white, yellow fruit seldom produced. (5m x 3m)		\$55.00
Malus Wright's Scarlet - Beautiful white blossom in spring followed by a plentiful supply of large Crimson fruits that hold on the tree through winter. Wine coloured summer foliage. (3mx3m)	1.2m	\$48.00
Nyssa sinensis – (Chinese Tupelo) A desirable ornamental tree which is highly rated for its spectacular autumn colour. New growth in spring is tinged red gradually turning green for summer, tones of intense red and yellow prior to leaf fall. Prefers sun or part shade. (7m x 5m)		\$48.00
Nyssa Sylvatica – (The Tupelo or Sour Gum) is an elegant specimen tree highly rated for spectacular autumn colour and the fact that it flourishes in swampy conditions. The summer foliage is glossy green, lower branches are slightly pendulous in habit. (7mx5m)		\$54.00
Paulownia Tomentosa - (Japanese Imperial Tree) – Violet-blue, trumpet shaped, fragrant flowers with darker spots & yellow stripes. Seed capsules about the size of a walnut, often remain until the next seasons flowers. Spreading tropical looking tree. (8mx6m)		\$55.00

PRUNUS FLOWERING APRICOT

Prunus mume “The Geisha” - An ornamental blossom tree that flowers in late winter. The flowers are semi-double, rose pink and have prominent central stamens. Very pretty for winter colour in the garden or for ‘floral art’. Happiest in a sunny well drained spot. **(3mx2.5m)**

1.5m

\$58.00

Prunus Flowering Cherries –

Oriental flowering cherries are the undisputed aristocrats of flowering trees. Few trees can match their abundance and magnificence of floral display. Many also have attractive foliage, bold form, interesting stem texture and great autumn colour. Some are smaller trees varying from low and spreading to tall and erect in habit.

Flowering cherries like moist, well drained, fertile soil. Trees are shallow rooted, so other plants should not be planted around.

Some of the below varieties are available in Larger Grades – please inquire for price & height

Prunus Accolade - Small handsome tree with spreading branches and masses of semi-double rich pink 4 cm flowers in pendulous clusters. **(5mx5m)**

1.8-2m high on 1.6m Standard – From \$52.00

2m + high on 1.8m Standard - \$54.00

Prunus Amanagowa - Upright Flowering Cherry. A popular street planting tree because of its narrow columnar habit. Clusters of fragrant, semi-double, shell-pink blossoms smother the tree in mid spring. Fresh bronze-green spring foliage turning bright green for summer. The Japanese name Amanagowa means 'Milky Way' describing the tree in full bloom. The Royal Horticultural Society have given this tree an Award of Garden Merit. **(6m x 2.5m) \$59.95**

Prunus Awanui - Raised in NZ, 'Awanui' is different from other flowering cherries in that the horizontal branches drape softly almost to ground level. The prolific spring blooms are softest baby pink and single. A tree in full blossom is extremely pretty. Definitely a must have! **(5m x 3m)**

1.6m-2m high on 1.5m Standard \$64.00

Prunus Falling Snow – (Weeping Flowering Cherry) - A beautiful and graceful small tree with pendulous arching branches. In spring the branches are smothered in single white blossom that is blushed with just a hint of pink. Very pretty. Fresh green summer foliage that colours well in autumn. **(2mx2m)**

1.4m high on 1.2m Standard - \$ 52.00

1.6m-2m high on 1.5m Std - \$54.00

1.8m-2m high on 1.8m Std - From \$56.00

Prunus camp. Felix Jury - Very deep claret red blossom in early spring. Very popular with Tui’s & Waxeyes. Upright habit. **(5mx3m)**

1.5m-1.7m high on 1.2 Standard \$50.00

Prunus Jim’s Delight - Single, star shaped blossoms that are coloured a warm pink. Nice dark green foliage with good autumn tones prior to leaf fall. Likes the sun and well-drained soil. **(3mx2m) \$54.00**

Prunus Kanzan – Strongly ascending branches spreading with age. Rich, double pink blossom. New growth reddish-brown. **(6mx4m)**

1.5m-1.8m high on 1.5m Standard - \$52.00

1.8m-2m high on 1.8m Standard \$54.00

Prunus Kiku-Shidare Sakura - (Weeping Cherry) - Pretty, pendulous branches of frilly, rich pink, double blossom announce spring has arrived during September/October. Glossy bronze-green new foliage turns green for summer and scarlet for autumn. A lovely specimen that will do best in a sunny well drained spot. **(2.5m x 2m)**

1.6m-2m high on 1.5m Std \$54.00

Prunus Pendula Rosea – (Japanese Rose Bud Cherry) – Dainty single pink blossoms on slender, gracefully arching branches. **(2mx2.5m)**

1.8m

\$49.95

Pyrus candelabra – An upright ornamental pear changing to Autumn tones of bright orange red. Abundant white flowers early Spring. Drought hardy but, also tolerant of heavier intermittently wet soils. (10m) **These are a large grade in a Ezylift 25 Litre bag**

2m+

\$180.00

Pyrus s pendula (Weeping Silver Pear) - A very elegant & attractive weeping tree with silvery grey bark. Willow-like shiny leaves white at first becoming silver green. (2mx2m) **1.8m-2m on 1.8m Standard \$56.00**

Oak's

The well-known acorns, the characteristic leaves, distinctive bark and trunks & the legendary long life of these wonderful trees are all features that combine to make oaks one of the best known and loved trees of all time.

They have come to epitomise strength, reliability & longevity

Quercus palustris (Pin Oak) – Long, layered branches on a vigorous grower. Good Autumn tonings of burnt orange to bronze red. Prefers less alkaline conditions. (10m)

1.3m

From \$29.95

Quercus robur – (The English Oak) A large, long lived-tree, developing a broad head of rugged branches. Acorns produced are one to several clusters on a slender stalk. (8mx5m)

1.5m+

From \$29.95

Quercus rubra – (Red Oak) - A handsome specimen tree. Large lobed dark green leaves that colour well in tones of red and orange prior to leaf fall. Ideal paddock tree as it needs space to grow to its true glory. (10mx7m)

From \$55.00

Robinia Lace Lady - The twisted contorted branches and lacy foliage of 'Lace Lady' will certainly attract attention. White fragrant flowers may occur in summer and nice yellow autumn foliage.

80cm-1m high on 80cm Standard - \$45.00

1.2m-1.6m high on 1.2m Standard - \$52.00

Robinia Mop Top - A ball of fresh green lush foliage, two to three metres in diameter. A naturally round ball on a straight standard stem. Effective landscaping tree. (4mx3m) **1.6m-2m high on 1.5m Standard – From \$57.00**

**CLAREVILLE NURSERY & GARDEN CENTRE
GREAT VALUE, GREAT RANGE, GREAT QUALITY!**

Salix alba Vitellina – Broadly spreading, deciduous. Current year’s shoots are yellow in winter, adding a touch of colour. Has been planted around waterbodies, rain gardens and have been used alongside crack willow in flood protection plantings. (15m) From \$29.95		
Salix c Kilmarnock – Forms a small umbrella like tree with slender, stiffly pendulous branches. From Winter to early Spring, each branch is studded with large tan buds opening white. Ideal for floral work. (2 mx 1.5m) 1.8m-2m high on 1.7m Standard - \$69.95		
Salix matsudana Pendula – (Hankow Willow) – This is a popular tree due to its pendulous growth habit. It has branches that cascade to the ground. It has long & pendulous green branches which host fresh green leaves. The leaves change to yellow tones in Autumn before falling. This willow is commonly used for planting around large bodies or in wetter areas. (15m)		\$29.95
Sorbus aria Lutescens - aka <i>Silver Whitebeam</i> or <i>Rowan</i> - A beautiful deciduous tree with bold leathery leaves that are covered in dense creamy-white woolly 'hairs' during spring-summer. The leaves mature to grey-green eventually turning gold prior to leaf fall. Small cream flowers in spring are followed by orange-red berries. (4mx3m)	1.5m	From \$59.00
Sorbus “Eastern Promise” - Eastern Promise' is a small tree with an oval crown, an upright habit with pinnate leaves that turn purple & orange-red in autumn and clusters of small white flowers followed by rose-pink berries. (8mx4m)		From \$53.00
Sorbus Scarlet King - Upright form of Mountain Ash with grey-green foliage contrasting well with the large bunches of scarlet berries through summer and autumn. Berries best in colder districts. This hardy tree can tolerate heat or cold, strong winds and low humidity. (15m x 6m)		From \$53.00
Syringa Congo - Delicious panicles of deep mauve single blooms with a reddish hue and a delightful fragrance. Happy in sun or part shade in deeply worked soil. Side dress with Lime annually. (3mx2m)		\$46.00
Syringa Mme Lemoine – The yellow spring buds of <i>Syringa vulgaris</i> 'Madame Lemoine' open to reveal panicles of closely clustered tiny white double flowers in May-June. The flowers give off a delightfully strong yet sweet fragrance and attract butterflies and bees. The white flowers stand out against the back-drop of mid green, heart shaped foliage. (2m x 1.5m) Unavailable 2021 please pre-order for 2022		
Syringa Pats Lilac - Gorgeous single lilac flowers abound on this large shrub. The clusters of flowers are beautifully formed and fragrant. Nice to pick. Plant in sun to light shade in deep well worked soil. (2mx1.5m)		\$46.00
Taxodium distichum – A strikingly beautiful tree & the most suitable conifer for wet soils. Forms a large pyramidal tree with fibrous reddish-brown bark & a strongly buttressed trunk. (7mx4m)		\$49.00
Taxodium “McLaren Falls” - Swamp Cypress - Weeping. A unique deciduous conifer that has attractive green ferny foliage that turns golden brown before leaf fall. Interesting fibrous bark and 'knobbly knees' that grow from the roots. This form has pendulous side branches giving the tree a naturally graceful habit. <i>Taxodium</i> 'McLaren' Falls will grow happily in moist to wet soil but will also tolerate growing in normal garden soil as long as it does not completely dry out in summer. Named for where it was discovered - McLaren Falls in the Kaimai Ranges. (3mx1m)		\$59.95
Ulmus glabra Lutescens – (Golden Elm) -Vase shaped tree with a large spreading canopy. Large soft golden leaves maintain their show from spring until autumn when they become brighter before falling. Hardest of the golden foliaged trees to winds. Profusion of double lime green blossom on bare spring branches. Excellent as a street, avenue, park, or specimen tree. (6m x 5m)		\$65.00
Zelkova serrata – (Japanese Elm) - Forms a vase-shaped tree with a spreading crown of branches which weep at their tips. Narrow, pale-green leaves turn yellow, orange, and scarlet in autumn. (15m)		\$35.00
