			Avail.
Name	Description	Price	Y/N
Clematis armandii Apple Blossom	This beautiful climber comes from China and has lustrous deep green foliage and deliciously fragrant soft pink flowers in spring. The new foliage growth is a warm bronze. Protect from harsh frost and wind. Semi-evergreen.	\$45.00	Y
Clematis Belle of Working	Is a deciduous climber with rosette-like fully double flowers to 12cm wide, the blooms are very pale violet-blue, with cream stamens. Flowers from Late Spring to Late Summer always with double flowers.	\$47.25	Y
Clematis Duchess of Edinburgh	A deciduous climber with luminous, full double, pure white flowers. White filaments & cream anthers adorn the centre of the blossom. (4m)	\$47.25	Y
Clematis armandii Snowdrift	This beautiful climber comes from China and has lustrous deep green foliage and deliciously fragrant white flowers in spring. The new foliage growth is a warm bronze. Protect from harsh frost and wind. Semi-evergreen.	\$38.00	Y
Clematis mont. Elizabeth	This beautiful deciduous climber is deservedly popular. As the new leaves just start to emerge in spring the tight pink buds open to large soft pink blooms that smother the whole vine for a breath-taking display. Will grow in sun or part shade and is quite hardy as well as beautiful.		N
Clematis Guernsey Cream	Large creamy-yellow flowers, flowering abundantly in spring and autumn. They flower on new season's growth, so prune back to two strong bud's late winter. Best results from good pruning, top in full sun, and with the roots planted in the shade.		N
Clematis lawsoniana	Long violet petals that will complement the wide, deep green, leaves that surround it.		N
Clematis m. Marjorie	Is a beautiful deciduous climber with semi-double flowers in tones of cream & salmon pink. The new foliage is tinged bronze before turning green. Will make a real statement in spring-summer. Plant in sun or semi-shade in deep cool soil.		N
Clematis Rubens	This vigorous & hardy deciduous climber will add a serious wow factor to the garden when it is in full flower in spring-summer. Fat rounded buds open out to rich pink blooms and there are simply masses of them. Plant in sun or part shade in deep cool soil for best results.	\$27.10	Y
Clematis m. Snowflake	This beautiful deciduous climber is very popular. As the new leaves emerge in Spring the tight white buds open to large snowy white blooms that smother the whole vine for a breath-taking display. Will grow in sun or part shade and is quite hardy as well as beautiful.	\$22.95	Y
Clematis Sweet Heart	A vigorous native Climber with creamy-white flowers that emerge in mid to late spring and flower through to late Summer.	\$28.40	Y
Clematis m. Tetrarose	Use this beautiful deciduous climber to smother a fence, trellis or pergola. Quick growing with attractive bronzy green foliage and the most beautiful lilac pink flowers that open from perfect tight buds in early spring. Nice soft fragrance. Hardy and easy to grow.		N
Clematis Wisley Cream	Is an evergreen climber with small, glossy, dark green leaves which are bronze in winter. In late winter and early spring, it bears cup-shaped cream flowers. It has silky seed-heads in summer through winter.		N
Clematis paniculata	One of the loveliest NZ Native plants, suitable for trellises, walls or rambling joyfully through trees. Festoons of large, starry, pure white blooms with golden anthers appear in spring, followed by silken seed heads. Keep roots cool with a nice layer of mulch. Evergreen.	\$39.90	Y
Ficus pumila	A useful plant for covering up anything ugly or unsightly - in the garden that is. Self-clinging aerial roots clamber along walls, up fences, water tanks etc. Small juvenile foliage is an attractive bronze green. Grow in sun/part shade and needs protection from harsh frost.	\$27.10	Y
Gelsemium sempervirens	A hardy, evergreen climber with a profusion of sweetly fragrant, bright yellow flowers borne in early Spring, holding through to mid-Summer. May be grown in either full sun or in partial shade with average type soils that are free-draining. Grow on wires or trellis and give a light prune after flowering has finished.		N
Hardenbergia "Coral Pea"	Flowering in abundance late winter, long slender stems covered in bright dots of purple. Plant this charming native climber where its rambling growth can be enjoyed.	\$27.10	y

Hydrangea petiolaris Seemanii	This is a very rare, self-clinging, climbing Hydrangea that hails from Mexico. The evergreen leaves are large, serrated and dark green. The flat white flower heads open from large buds and appear en masse in summer. Protect from harsh frost. Evergreen.	\$32.35	Y
Jasminum azoricum	Rarely without orange scented waxy white flowers & once established will withstand winter cold. Graceful twining glossy green leaves to 3m	\$19.95	N
Jasminum polyanthum	Strong evergreen climber with masses of white flowers after pink buds. Highly fragrant. Popular as a quick growing cover for fences & trellis.	\$21.95	N
Lonicera Belgica	Masses of fabulously fragrant, tubular, white flowers that turn deep yellow, are streaked red outside, smother this honeysuckle in late spring. In hot summers, the flowers may be followed by small, bright red fruits. Deciduous & earlier flowering than many other varieties, this one will quickly cover a boundary wall or fence in full sun or partial shade.		N
Lonicera caprifolium Graham Thomas	Fabulously fragrant, large, tubular, white flowers, ageing to yellow amidst oval, mid-green leaves. Has a honeyed fragrance on a warm summer breeze. This vigorous, climber will soon cover a boundary wall or fence in a sunny site. Later flowering than many varieties of honeysuckle it's ideal for a cottage or wildlife garden. Deciduous.		N
Pandorea var. Bower of Beauty		\$27.20	Y
Pandorea jas. Charisma	Has irregular green and cream variegated foliage, & soft pink flowers with a dark pink throat. The lush variegated leaves clothe the slender stems from top to bottom, providing a neat background to the panicles of flowers, and taking centre stage when the plant is not in bloom. New growth may be frost tender. Evergreen	\$27.20	Y
Pandorea jas. Deep Pink	Is a fast-growing evergreen climber with glossy dark green leaves & clusters of deep pink trumpet flowers during Spring & Summer. Ideal for covering fences, walls & arches.	\$28.40	Y
Pandorea Pan. Snowbells (Wonga Wonga Vine)	A vigorous & hardy evergreen climber bearing a mass of showy white, trumpet shaped flowers from Spring to Summer.	\$27.20	Y
Pandorea pandorana	Wonga Vine. This rapid and strong growing climber has handsome glossy green foliage made up of divided leaflets. Panicles of tubular bell-shaped flowers in rich cream with spotted throats appear in spring and summer and emit a lovely fragrance. Plant in a sheltered, sunny position; New growth may be frost tender. Evergreen	From \$21.95	Y
Parthenocissus henryana	Suited for small gardens (not as vigorous as other types of creepers). Useful for covering a wall. Autumn colour is more dramatic with a little sun. Leaves are velvety in texture with silvery white veins. In Autumn it becomes a fiery crimson which is complimented by blue black berries. (9mx3m)	\$27.10	Y
Parthenocissus quinquefolia	This vigorous creeper will quickly cover any wall, trellis or bank that you care to drape it over, Handsome lobed leaves in rich green that turn to tones of brilliant orange and scarlet red in autumn. Likes the sun and humus rich soil.	\$28.40	Y
Parthenocissus tri. Vetchii Boston Ivy	A vigorous climber that will self-cling to practically anything by way of creeping tendrils with tiny disc shaped suckers. The three lobed green foliage turns to spectacular shades of red and purple in autumn. Vigorous and hardy. Deciduous.	\$27.20	N
Rosa Banksia "Lutea"	'Lutea' is a large & vigorous, early flowering, thornless semi-evergreen rambler with small, smooth-edged leaves and large clusters of pale yellow, rosette-like double flowers 2cm in width in late Spring.	\$33.50	Y
Solanum Potato Vine	It is a fast-growing shrubby vine which can reach up to 10-20 ft tall. It blooms over a long period, from late spring to autumn. Flowers are white with yellow stamens very similar to potato flowers hence the name. Very fast grower & will tolerate frost once established although protect when young.	\$27.10	Y
Trachelospermum asiaticum	Hardy, evergreen, vine covered in fragrant creamy yellow flowers through Summer. Climbs with support or can be used as a groundcover. Excellent in pots.	From \$17.95	Y
Trachelospermum jasminoides	Evergreen vine used as a climber with support or hedge. Rich green foliage enhanced by star shaped white flowers that are richly scented.	From \$17.95	Y
Vitis amurensis Alicante Bouchet	A hardy ornamental grape with purple-green foliage during Summer that turns to various shades of orange, scarlet & yellow in Autumn.	From \$21.95	Y
Vitis vinifera	Ornamental Grape		N
